

Heart Chakra Yantra Painting Workshop

with special guest teacher from Holland
Pieter Weltevrede

Pieter spent many years under the tutelage of Sri Harish Johari, the transmission of his teachings and beautiful artistic gifts will make this a workshop to remember. One that can bring the sacred into your life through the beautiful and mystical. You will be guided to paint the Fourth Chakra Image, the Heart Center, then use the completed painting as a tool for visualization and meditation. This ancient practice will release layers of mental and physical stress and open you up to your healing energies within. Bring Paints and Brushes.
